

Zaidi Ibrahim Younes

Full-stack Web Developer

 GitHub |  LinkedIn |  Portfolio |  Email |  +213558790540

SUMMARY

- **Full-Stack Developer** with a solid grasp of the full development lifecycle, from building responsive frontends to structuring secure, functional backend architectures.
- Grounded in core Collaborative workflows, with direct practical knowledge of application containerization, database management, and deployment pipelines.
- Quick to adapt to new systems and tools, maintaining a consistent focus on security standards, performance optimization, and project requirements.

WORK EXPERIENCE

Software Development Intern – Thynk Tech Dz

Oct 2025 - Jan 2026

- Developed a significant part of the backend infrastructure using Python, FastAPI, and SQLAlchemy.
- Implemented Role-Based Access Control (RBAC) to manage user permissions and data authorization.
- Containerized services with Docker to ensure consistency between local development and production environments.
- Assisted the engineering team with deployment and managing application pipelines on Sevalla.

EDUCATION

- **2022 - 2026:** Computer Systems (SI) **University Of Algiers 1 - Benyoucef Benkheda**
- **2018 - 2021:** High School Diploma, Experimental sciences **Ahmed Al Bayrouni**

PROJECTS

Bookify Website

GitHub

A comprehensive room management application featuring cataloging, booking systems, and user reviews.

Technologies: *React, TypeScript, CSS, Node.js, Express, PostgreSQL, Prisma, Docker, Heroku CLI, CI/CD*

ConvoNet App

GitHub

ConvoNet is a real-time chat application using Socket.IO for live messaging and status updates. Focused on optimizing real-time communication.

Technologies: *React, TypeScript, TailwindCSS, Node.js, Express, Socket.IO, PostgreSQL, Prisma*

SKILLS

Programming Languages	JavaScript, TypeScript, Java, Python, HTML, Css
Frameworks/Technologies	React, Node.js, Express, Prisma, PostgreSQL, MongoDB, Sequelize
Version Control & DevOps	Git, GitHub, Docker, CI/CD Pipelines
Design	Responsive Design, TailwindCSS, Bootstrap
Soft Skills	Problem Solving, Team Communication, Rapid Skill Acquisition
Languages	English (Technical), French (Fair), Arabic (Native)
